INDIANA UTILITY
REGULATORY COMMISSION

CAUSE NO. 41969-FAC 3

You are hereby notified that on this date the Indiana Utility Regulatory Commission has caused the following entry to be made:

The Commission Professional Staff has formulated the following requests, response to which is required no less than four (4) business days prior to the scheduled evidentiary hearing.

Citizens is asked to respond to the following:

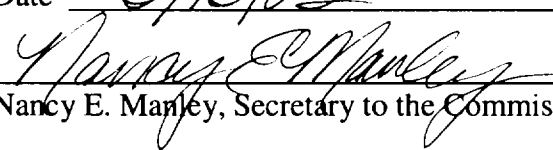

- Exhibit B, Schedule 3, Pages 6, 7, and 8. Why did the therms billed change with this latest revision for every month except February 2002, April 2002, and January 2003? Except for the months mentioned, the revised filing consistently reflects higher therms billed. Billed therms should represent total sales less waste steam sales per the discussion from the group meeting. Was there an error in the original filing? Please explain why the therms billed changed from the original filing to the proposed revised filing. If the change in therms billed was unintentional, please correct all affected schedules and file the revised information.

The OUCC is asked to respond to the following:

- On page 7 of his report filed April 22, 2003: Mr. Guerrettaz states that he has not performed the earnings test as required by the Order in Cause No. 41969-FAC02 because, "as of late in the afternoon on Friday, April 18, 2003, we had not received the requested income statement from Citizens Thermal Energy. Citizens Thermal Energy did not file the test; therefore, we have requested information which is still outstanding". The requested information is now available, however, no additional information has been filed. The Commission requests that the OUCC supplement its filed testimony four (4) days prior to the hearing, or file notice of its intent not to do so.

IT IS SO ORDERED.

Thomas Cobb, Administrative Law Judge

Date 5/13/03

Nancy E. Manley, Secretary to the Commission
